

1.C Programming with output

This screenshot shows the Visual Studio Code editor interface. The Explorer sidebar on the left displays a project named 'COLLEGE' containing a folder 'WEBDEV_PB' with files 'a.out' and 'helloworld.c'. The main editor window has two tabs: 'helloworld.c' and 'zsh WEBDEV_PB'. The 'helloworld.c' tab is active, showing the following C code:

```
1 #include<stdio.h>
2 int main()
3 {
4     printf("Hello World");
5     return 0;
6 }
```

The status bar at the bottom indicates the cursor is at line 6, column 2, with 4 spaces, UTF-8 encoding, and LF line endings.

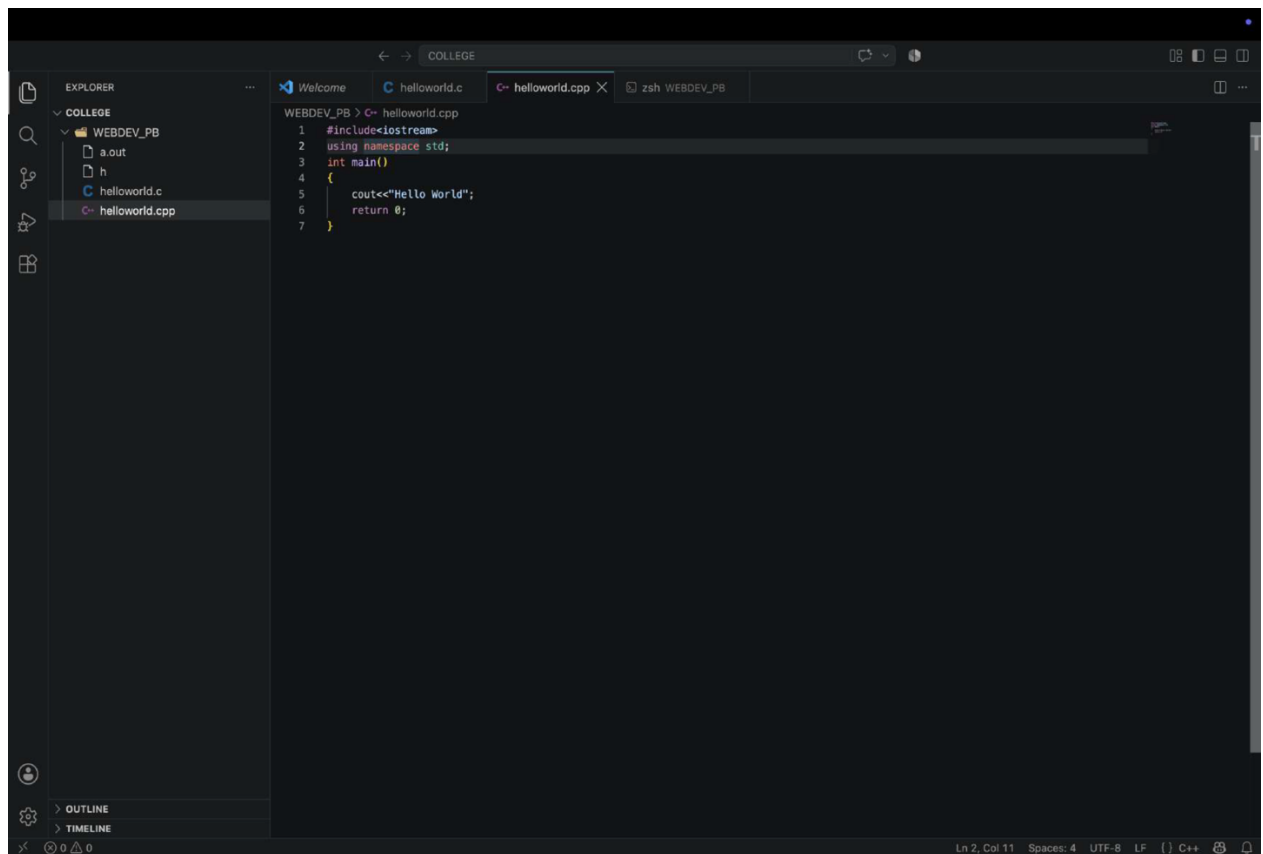

This screenshot shows the same VS Code editor interface, but the 'zsh WEBDEV_PB' terminal tab is now active. It displays the commands used to compile and run the program, along with the output:

```
chaosengine@ZOROJURDs-MacBook-Air WEBDEV_PB % clear
chaosengine@ZOROJURDs-MacBook-Air WEBDEV_PB % gcc helloworld.c
chaosengine@ZOROJURDs-MacBook-Air WEBDEV_PB % ./a.out
Hello World
chaosengine@ZOROJURDs-MacBook-Air WEBDEV_PB %
```

The Explorer sidebar remains the same, showing the 'COLLEGE' project structure.

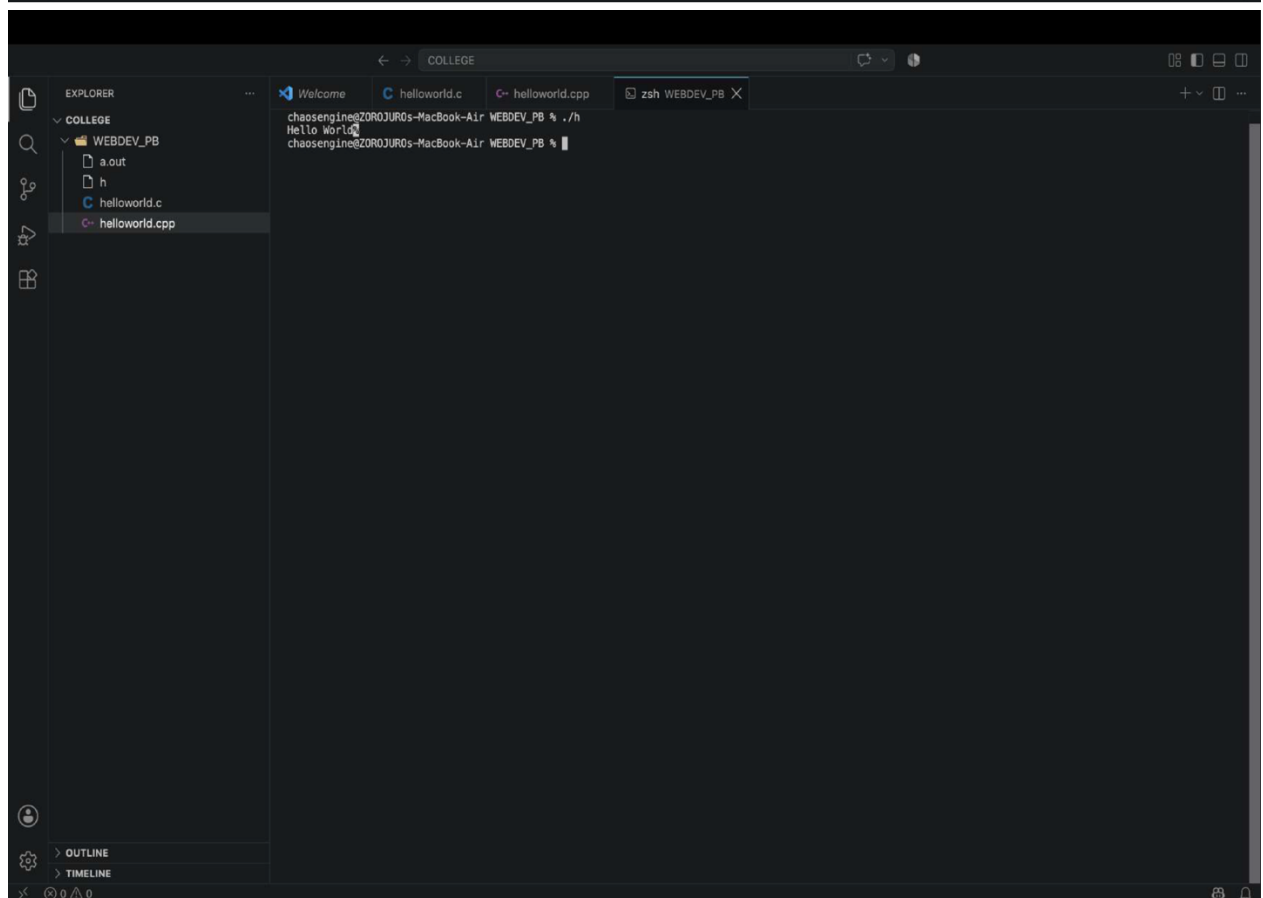

2.C++ Programming with Output

This screenshot shows the Visual Studio Code editor interface. The Explorer sidebar on the left displays a project named 'COLLEGE' with a subfolder 'WEBDEV_PB' containing files 'a.out', 'h', 'helloworld.c', and 'helloworld.cpp'. The 'helloworld.cpp' file is selected and open in the main editor. The code in the editor is as follows:

```
1 #include<iostream>
2 using namespace std;
3 int main()
4 {
5     cout<<"Hello World";
6     return 0;
7 }
```

The status bar at the bottom indicates the current position is 'Ln 2, Col 11', the file is encoded in 'UTF-8', and the language is 'C++'.

This screenshot shows the same Visual Studio Code editor interface, but with the 'zsh WEBDEV_PB' terminal window open. The terminal shows the execution of the program:

```
chaosengine@ZOROJUR0s-MacBook-Air: WEBDEV_PB % ./h
Hello World
chaosengine@ZOROJUR0s-MacBook-Air: WEBDEV_PB %
```

The Explorer sidebar remains the same, showing the project structure. The status bar at the bottom shows 'Ln 2, Col 11', 'UTF-8', and 'C++'.
